

Item		1.3T Diesel	1.5L Gasoline
Dimension & Mass	LengthxWidthxHeight (mm)	4440x1810x1890	
	Cargo Space Size (mm)	2470x1670x340	
	Wheelbase (mm)	2750	
	Thread (Front/Rear) (mm)	1500/1500	
	Passengers	3	
	Curb Weight (kg)	1256	1192
	Loading Capacity (kg)	1399	1268
Powertrain	Engine Model	SFD	DK15
	Fuel Type	Diesel	Gasoline
	Displacement (L)	1.3	1.5
	Power (kW)Horsepower(ps)	55/75	75/102
	Max Torque (N·m/rpm)	190±5%/1750	140±5%/3200-4000
	Clutch	Hydraulic	Hydraulic
	Fuel Tank Volume (L)	55	
	Transmission	5MT	
Chassis	Steering System	EPS	
	Brake	Front Disc; Rear Drum	
	Drive Mode	Mid Engine; Rear Drive	
	Suspension	Front MacPherson Independent Suspension; Rear 6-piece Leaf, Spring Suspension Non-independent Suspension	
	Tire Model	195 R14C 8PR	185 R14C 8PR
	Turning Radius(m)	5.5	
	Ground Clearance(mm)	182	174

New Generation Pickup SUPER CAB

Profile PT. Sokonindo Automobile

Established in 2008, Sokonindo Automobile is the joint venture between Chongqing Sokon Industry Stock Group Co., Ltd. from China and Kaiser Industry Group Company from Indonesia. Located in CIKANDE modern industrial zone in Serang City, Banten Province, Indonesia, the factory has a total investment of over USD 100 million and a land coverage of 80,000 m2, with a maximum annual production capacity of 50,000 units year. It is equipped with all four manufacturing techniques in the automobile industry, including stamping, welding, coating and assembling. It is based in the Indonesian market and can export to the other countries and regions in South East Asia.

Super Appearance

Its modern front design with a combination of sharp grille and tiger style headlamps will light up your journey.

Spacious Room for Three Passengers

Central Gear Lever

Delicate Dashboard

Seats Forward
Backward Sliding with Convenient Adjustment

Digital MP3/FM Control Board

Four Air Outlets / Super Cooling A/C

Super space

The cabin with a charming design is perfect for 3 passengers. T3-stroke shaped steering wheel, chrome coated gear lever, equipped with MP3, FM and extra large A/C outlets are all specifically designed for your driving comfort.

Nine-horizontal and Two-longitudinal Beam Design with Bigger Loading Capacity

Six Upper Leaf Spring with Higher Ground Clearance for Better Access Under Various Road Conditions

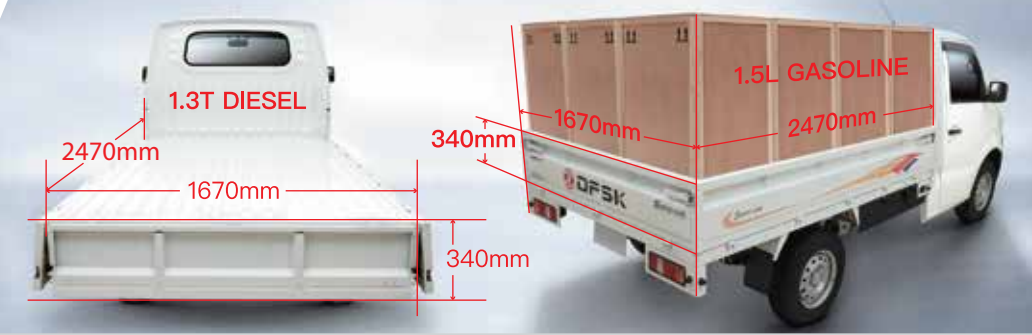

1.5L Gasoline Engine with 185mm Tire Width
1.3T Diesel Engine with 195mm Tire Width

Reinforced Vehicle Frame, Crossbeam with More Balanced Force Distribution and Higher Loading Capacity

Super Loading

Reinforced with nine-horizontal and two-longitudinal beams frame design makes the vehicle body stronger and more stable. Upper-mount leaf springs are designed to provide a higher ground clearance for better access to various road conditions. Super loading capacity of 1.399 tons makes cargo shipment easier.

4-strip Cubical Support Rack with 16-pieces Cargo Bed Reinforcement Bars for a Longer Life Span
